

COMPUTER ENGINEERING CHECKLIST

Student Name: _____ UID#: _____

STUDENT RESPONSIBILITIES

- All Computer Engineering majors are required to meet with and are responsible for scheduling and completing appointments with their mentors every semester. (Please have a copy of this form with you when you meet with your mentor.)
- Students must bring a completed/signed copy of this form to their advising appointment, or drop it off in 2429 A.V. Williams. Failure to meet with your mentor will delay your registration until the end of the early registration period.
- Because faculty are extremely busy, students should schedule appointments as early in the semester as possible.
- Students should print out a copy of their transcript from *Testudo* (www.testudo.umd.edu) & bring it to the meeting.
- Students should be prepared to discuss their academic aspirations, intellectual interests, career goals, and any problems in an intelligent manner.
- Students wishing to discuss specific course content should first read the relevant description in the "Approved Courses" section of the Undergraduate Catalog (<http://www.umd.edu/catalog/0607/chapter8.pdf>) as well as viewing the Departmental approved course syllabus (http://www.ece.umd.edu/Academic/Under/uc_idx.html).
- Students desiring more information about the program's sub-disciplines should first read the advising hand-out on the major's sub-disciplines (http://www.ece.umd.edu/Academic/Under/advising/major_sub_disciplines.html).

MENTORING SESSION CHECKLIST – TO BE COMPLETED BY MENTOR

- Below is a list of possible items you might choose to discuss during your mentoring session.
- If students have questions or concerns about specific registration procedures and/or general University policies they should be directed to contact an advisor in ECE's Office of Undergraduate Studies (2429 A.V. Williams).
