University of Maryland at College Park
Department of Electrical Engineering

ENEE 425 Digital Signal Processing

Questionnaire
Fall 2003

Please complete this form even if you are a “tourist”, listener, or uncertain about registering for the course. This will help us tailor the lectures to the level of the class.

Name: ____________________________________________

Email address (important!): ____________________________

Tel. extension: __________ UMD Department: __________

You are a... junior senior MS student PhD student

Likelihood you will be taking course for credit: _________%

Are you taking or planning to take ENEE 420 concurrently? Yes No

How long ago did you take ENEE 322 and what grade did you receive?

Semester: __________ Grade: __________

How familiar are you with the Matlab Software package? (circle one)

Never used Novice Intermediate Advanced Guru

How familiar are you with the following terms? (circle one in each case)

* eigenfunction
  Never heard of it Vaguely familiar with it Good understanding of it

* D/C converter
  Never heard of it Vaguely familiar with it Good understanding of it

* discrete Fourier series
  Never heard of it Vaguely familiar with it Good understanding of it

* z-transform
  Never heard of it Vaguely familiar with it Good understanding of it

* sinc function
  Never heard of it Vaguely familiar with it Good understanding of it

* frequency selective filter
  Never heard of it Vaguely familiar with it Good understanding of it

* impulse train
  Never heard of it Vaguely familiar with it Good understanding of it

* linear constant-coefficient difference equations
  Never heard of it Vaguely familiar with it Good understanding of it
