

# Lecture 8

# Lecture 8

- ▶ Matrix of a linear transformation: example

# Lecture 8

- ▶ Matrix of a linear transformation: example
- ▶ Two or more linear transformations in series; matrix-matrix product

# Lecture 8

- ▶ Matrix of a linear transformation: example
- ▶ Two or more linear transformations in series; matrix-matrix product
- ▶ Associativity and (non-)commutativity of matrix-matrix product

# Lecture 8

- ▶ Matrix of a linear transformation: example
- ▶ Two or more linear transformations in series; matrix-matrix product
- ▶ Associativity and (non-)commutativity of matrix-matrix product
- ▶ Matrix transpose

# Lecture 8

- ▶ Matrix of a linear transformation: example
- ▶ Two or more linear transformations in series; matrix-matrix product
- ▶ Associativity and (non-)commutativity of matrix-matrix product
- ▶ Matrix transpose
- ▶ Permutation matrices and their inverse
