

This is an anonymous early feedback for the course.

1. Please do not write/type your name on the paper.
2. Please do not email your response.
3. Please type; do not hand-write.
4. Please bring a printout to class on Monday

Write about your experience in the class. Tell me about what aspects and/or activities of the course have been productive for you and have helped you learn. And which aspects and/or activities have not been productive for you. It would help me understand your ideas better if you include some specific examples in this response.

Also let me know of any other concerns or feedback that you might have.
