

ENEE 302 Design Report Grading Form

Student:

Paper Title:

Base Paper:

1. Comprehension (5pts) and explanation (10pts) of circuit operation; 15 points
2. Depth of study; 10 points
3. Presentation of design technique, theory, simulations, results; 25 points
4. Clarity and accuracy of the write-up; 20 points
5. Conciseness; 5 points
6. Abstract (5pts) and summarization (5pts); 10 points
7. Referencing; 5 points
8. Other; 5 points
9. Commentation (including depth of written questions on other's paper); 5 points
