ENEE 302 Midterm Exam Redo

You may redo the midterm exam at home for a maximum of 40 additional points. It is assumed that all the work is your own; your signature on your solutions certifies that this is the case and only signed papers will be graded.

Due at start of class Thursday, November 2, 2000.

(Papers received later without a certified written medical excuse will lose points at the rate of 10 points per hour).

Added 10/27/00

Please turn in your original exam along with your redoing.

All make ups should be finished by the start of class 11/02/2000 so that we can post the exam and solutions on the web.
