Additionally, all vehicles entering certain parking areas will be inspected, regardless of any prior inspection. Drivers will be required to present their driver's license and may be asked to open the trunk and hood. If you are physically unable to perform this function, please inform the inspector and they will assist you.

After inspection, you will be issued a vehicle inspection pass. It must be displayed on your vehicle's dashboard while you are on campus. The inspection pass is not a "parking permit." It only grants your vehicle access to enter the campus. You can only park in designated parking areas. (See campus map)

**Personal Inspections** – All visitors should be prepared to submit to a personal inspection prior to entering the campus. These inspections may be conducted with a handheld monitoring device, a metal detector and by visible inspection. Additionally, your personal belongings may be inspected and passed through an x-ray machine.

*Visitor passes must be prominently displayed at all times while on the NIH campus.*

By Metrorail, take the red line to Medical Center, Bethesda. You will be directed to the visitor's entrance. After receiving the visitors pass take the NIH Shuttle to Building 10.

By car, limited parking is available for a small fee in parking lot 10D.
