Important Dates

August 31	Monday	First lecture
September 3	Thursday	First recitation
September 7	Labor Day	No Lecture
Septebmer 14	Monday	Last day to drop course without a "W"
November 26	Thanksgiving break	No Discussion
December 9	Wednesday	Last day of class
December 16	Wednesday	Final exam (1:30pm-3:30pm, in the regular lecture classroom)

If you have a documented disability and wish to discuss academic accommmodation with me, please contact me as soon as possible and not later than **September 14, 2014**.
If you are experiencing difficulties in keeping up with the academic demands of this course, contact the Learning Assistance Service, 2201 Shoemaker Building, 301-314-7693. Their educational counselors can help with time management, reading, note-taking and exam preparation skills.

Grading Policy

Homework	10%	
Small Quizzes	5%	
(Midterm) Exams	50%	(2 miderms on Wednesdays, 25% each. Tentative dates: October 7, November 11)
Final Exam	35%	(comprehensive, December 16, 1:30pm-3:30pm)

Exam:

- All exams will be closed book, closed notes, no calculators or PDAs, and please turn off cell phones.
- **There will be NO make-up midterm exams.** If you must miss a midterm exam, you must get permission for Dr. Dachman-Soled at least 48 hours before the exam so that portion of the grade can go to the remaining exams (midterm and final). Otherwise, 0 will be counted as the score for each of the missed midterm exams.
- If you **dispute your score on any midterm exam**, you must contact Dr. Dachman-Soled within one week from the date the exam paper is returned. After this period, no changes will be considered.
- If any exam (especially the final exam) is scheduled on a **religious holiday** that you are compelled to observe and you must make arrangements to take the exam on a different date, please see me about making these arrangments no later than **September 14**.

Small Quizzes:

- There will be about 8-10 small quizzes in the recitations. Each quiz will have 1 or 2 small problems and you will have 10-15 minutes to solve them. They will be graded and returned to you in the next recitation.
- There is no make-up quiz. If you have to miss your recitation, you can take it in another recitation. But make sure that you inform the TAs.
- If you take the small quiz in multiple recitation sections in the same week, they will all be graded, but only the lowest score will be taken as your grade for the quiz in that week.

Homework:

- There will be 10-12 homework assignments. Homework assignments will be posted on the course webpage and announced in the lecture, normally at least one week before the due date. Homework will be collected in class on the due date and the graded homework will be returned to you in the recitation sections.
- **Late homework will not be accepted.** If you must miss a lecture when a homework assignment is due, it is your responsibility to find a reliable person to turn your homework in for you or submit it to Dr. Dachman-Soled before the due date.
- Both effort and correctness will be counted when your homework is graded. It is important that you do the homework problems in the same order as they are assigned.
- If you dispute your score on any homework, you have to contact your recitation TA within one week from the date that your homework is officially returned (normally in recitation). If the matter remains unsettled, you have one more week to bring the issue to Dr. Dachman-Soled with a written request.
- It is acceptable, and you are encouraged, to discuss homework problems with others, but you have to prepare the final write-up by yourself. Both copying homework and allowing others to copy your homework will be considered as academic dishonesty.
- Make sure that you include the following information on the first page of your homework: full name, student ID, and your **recitation section number (on the upper right corner)**. Failure to do so will result in late return of your homework, and you may consequently miss the one-week period to dispute your score.

Academic dishonesty will not be tolerated. The University Code of Academic Integrity, which can be found at `http://www.inform.umd.edu/CampusInfo/Departments/JPO/` prohibits students from committing the following acts of academic dishonesty: cheating, fabrication, facilitating academic dishonesty, and plagiarism. Academic dishonesty in this class includes outright copying on homework; however, discussing homework problems and exchanging tips is permissible and also encouraged. If there are any take-home exams, discussing the material with anyone, inside or outside of the class, is considered academic dishonesty. Instance of academic dishonesty will be referred to the Office of Judicial Programs.
